FELFE's father:

1. UJVENTURE sheet states, source not given, that Johann FELFE, father of UJDROWSY, died in 1945.
2. The UPHILL chronology states, source given as statements of UJDROWSY to his acquaintances, that his father died in the period 1947-50. At the time his father died, according to this information, UJDROWSY made a private (i.e., having nothing to do with his ^{trip} BIS employment, to Dresden. He had to leave hurriedly when he was warned by an SD friend (that he would be arrested as a [BIS] agent?).
